VISITOR RESTRICTIONS

Albany Medical Center must enforce the following visitor restrictions:

- **Maximum of 2 visitors** allowed in a patient’s room at one time.
- **ALL visitors** must use the waterless hand cleanser upon entering and exiting the patient’s room.
- **Visitors under the age of 12** are prohibited from visiting patient care areas. Young children are more likely to have and transmit respiratory infections.
- **Visitors with respiratory symptoms, rash or diarrhea** are prohibited from visiting patients. Symptoms can include fever, sore throat, cough and shortness of breath.

We appreciate your cooperation as we strive to maintain a safe environment for all of our patients, staff and visitors.
