A Great Place to Work:

Albany Medical Center is proud to be a great place to work.

As the second largest employer in the Capital Region, and the largest private-sector employer in Albany County, more than 6,700 people are employed here on a full or part-time basis.

We have been selected as a “Best Place to Work” by the Business Review. This recognition is a reflection of the hard work and collaborative spirit which our staff embraces each and every day while putting the needs of our patients first.

Albany Medical Center is a widely respected leader in improving patient care, educating tomorrow’s doctors and advancing medical science. Serving more than 3 million people in northeastern New York and western New England, we are one of only 125 medical centers in the country and the only one in the region.

Our Center consists of a teaching hospital and a medical college with biomedical research facilities.
